Each year, the FAC Education Foundation provides scholarships to students enrolled in Florida's colleges and universities that are majoring in aviation management and related fields. Since 1990, FAC has awarded more than \$454,000 in scholarship funds to 174 students. Recipients use the scholarships to pay for tuition, books, housing and other costs associated with their aviation education. This program continues to succeed because of donations and sponsorships from members and friends of FAC that know the importance of supporting young professionals. Please consider donating an item, sponsoring an event, or volunteering for this worthy cause. With your help we can make 2024 our most successful fundraising year ever!
